MEET THE 4TH GOLDEN MADONNINA AWARD WINNERS

IN THE ARTISTIC REALM

Tom Sachs, winner of *'In The Artistic Realm'* category, received the golden madonnina at Deichtorhallen Hamburg during the opening of his latest exhibition, *Space Program: Rare Earths*. Designboom traveled to the German city to celebrate Sachs's fourth space exploration, following the one to the moon at Gagosian (2007), Mars at the Park Avenue Armory (2012), and Jupiter's icy moon Europa at the Yerba Buena Center for the Arts (2016). You can watch the ceremony as well as the tour of the artist's latest interstellar mission here: <https://www.designboom.com/design/the-design-prize-2021-winners-milan-golden-madonnina-award-12-20-2021/>
